

ENGAGING MINDS.
NURTURING HEARTS.
SHAPING GOD'S WORLD.

PROJECT OVERVIEW

➔ Introduction

Founded 60 years ago with the vision a small group of parents committed to Christian education for their children, the student body of Abbotsford Christian School today represents over 70 churches and 25 different denominations.

What started in 1953 as a class of 90 elementary school students in the basement of a church is today a diverse K-12 school with over 900 students on two campuses.

More than 3000 students have stepped through our doors into our local community and the world beyond, but over these six decades, a great deal has changed in terms of this world that we live in.

From the beginning, Abbotsford Christian has been committed to being a **"change leader"** as a Christian Independent School. As we enter the second half of the second decade of the 21st century, we find ourselves once again aspiring to lead in the delivery of education that prepares students to face and to conquer the challenges of a rapidly changing global community.

Serving Our Community

Our community is not just the place where our students, alumni, families and friends live and work. Today, our community reaches out from here to embrace our city and our world, and it is our Strategic Plan that has been guiding us in this direction the past five years.

It is both a plan for change and one that reaffirms and builds on existing practice, representing our intention to live faithfully, provide the highest value to parents with whom we are in partnership, and offer a truly engaging and enriching student learning experience that trains for character and competence in the Christian life.

To achieve this, we must not only embrace our faith and our Christian worldview that is part of everything we do as a school; we must also bring leaders, practitioners, experts and advocates from all segments of our economy and society into our school as part of learning experience.
